

Data Science with R

Day 7,8 – Exploratory & Statistical Analysis in R

Today's Agenda

✓ Graphics and Data Visualization in R

- Base Plotting Functions in R
- Ggplot2 package
- Exploratory Data Analysis Exercise
- Univariate Analysis (ggplot2)
 - Histogram
 - Density Plots
 - Box plot Analysis
- Bivariate Analysis (ggplot2)
 - Scatter plot Analysis

✓ Applied Statistics using R

- Simulation
- Normal Distribution
- Standard Normal Distribution
- Binomial Distribution Exercise
- Poisson Distribution Exercise
- z Test & t Test Exercise
